CERTIFICATE OF CONFORMITY NO. 15 / 17

Instytut Nafty i Gazu – Państwowy Instytut Badawczy hereby states that the product:

**Three-layer coating 3 LPE (epoxy-copolymeric-poliethylene) on a steel pipes
for the construction of pipelines with cathodic protection
class A & B, diameter series DN 20 ÷ DN 1200**

for corrosion protection of steel pipes intended for use in pipeline systems

placed on the market under the name or trade mark of:

IZOSTAL S.A.

ul. Opolska 29 47-113 Kolonowskie

and produced in the manufacturing plant:

IZOSTAL S.A.

ul. Opolska 29 47-113 Kolonowskie

fulfills the requirements of national technical specification

**PN-EN ISO 21809-1:2018-12
[EN ISO 21809-1:2018]**

The Manufacturer has determined the product type, implemented the system of FPC as understood by the certification programme PCW-16 and also submitted the product for assessment by an accredited testing laboratory. The INiG-PIB Certification Office has performed: verification of correctness of product's performance assessment as understood by the certification programme PCW-16, including the sampling of products to test carried out by the manufacturer; the initial inspection of factory and FPC and performs the continuous surveillance, assessment and acceptance of FPC in relation to the products' performance declared by the manufacturer described by a/m technical specification. Certification process has been carried out according to the certification programme PCW – 16.

This certificate was issued on **07-09-2017** and updated on **14-05-2018**, **14-10-2019** and on **20-12-2021** and remains valid as long as neither the technical specification, the product itself nor the manufacturing conditions are modified significantly, unless suspended or withdrawn by the certification body.
